REASONS for ALLOWANCE

5. The following is an Examiner's statement of reasons for the indication of allowable subject matter: renumbered claims 1-3 are allowable over the prior art of record because the arguments set forth in the appeal brief filed on 11/8/2005 are persuasive. The claims are allowable over the prior art of record because the claims are distinguished from the prior art of record for the reasons as set forth in the appeal

brief filed on 11/8/2005, specifically pages 8-9 and because an update of a search previously made does not detect the combined claimed elements as set forth in the claims 1-3. Specifically, claims are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a cache interface circuit comprises a cache bypass mode control signal input and a power control output as described in the specification and together with combination of other claimed element as set forth in the claims. Also the reasons for allowance of the claims over the prior art of record is believed to be clear from the prosecution records taken as a whole. Therefore, claims 1-3 are allowable over the prior art of records.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons For Allowance."
